Subject: *EAU Endorsement '7th International Meeting "Challenges in Endourology"*

Dear Prof. Traxer,

The EAU Live Surgery Committee (LSC) has reviewed your application for EAU endorsement of your event *'7th International Meeting "Challenges in Endourology"*.

On review of your application it is clear that you are committed to following all regulations set by the EAU-LSC. The Committee has therefore decided to endorse the live surgery sessions scheduled at this meeting. The EAU Endorsement Logo, to be used for promotional purposes, is provided along with this letter.

One of the objectives of the EAU-LSC is to build a prospective database of standard outcomes for each specific procedure. The accumulated data will be essential in determining the value of live surgery compared with conventional surgery.

You will receive an invitation to enter your data into our database 90 days after the live surgery event has taken place or when construction of the database is completed. We are counting on your contribution in this matter.

Congratulations with the outstanding program and good luck with the meeting and the live surgery event.

On behalf of the EAU-LSC,
With kindest regards,

Prof. Walter Artibani
Chairman of the EAU Live Surgery Committee

Disclaimer

The European Association of Urology (EAU) Live Surgery Committee expressly disclaim all responsibility for any act of omission or commission on the part of the Event Organiser, Institution, operating surgeons and any or all other individuals undertaking any live surgical procedure under the auspices of the EAU. No liability is accepted for any delays, damages, personal injury or death linked to the live surgery event.
